Professional Summary

Versatile Software Engineer with 6+ years of experience specializing in the .NET ecosystem and modern JavaScript frameworks like React and Angular. Expertise in architecting and developing robust, enterprise-grade applications, from scalable back-end APIs and microservices to responsive user interfaces. Committed to writing clean, testable code and adhering to software engineering best practices.

Technical Skills

- ❖ **Programming Languages:** C, C++, C#, JavaScript (ES6+), TypeScript, Java, PHP, Python
- ❖ **Frameworks & Libraries:** React, Angular, ASP.NET Core, Node.js, jQuery, SCSS, Bootstrap, Tailwind
- ❖ **Databases:** MySQL, SQL Server, MongoDB
- ❖ **Tools & Platforms:** Git, Docker
- ❖ **Other:** REST APIs, Microservices, RPA, Godot, Low-code Platforms

PROFESSIONAL EXPERIENCE

FiftyTwo Digital Ltd. | Dhaka, Bangladesh

Technical Lead | December 2025 – Present

- ❖ Optimized API client generation by endpoint filtering.
- ❖ Architected and build an event relay service that implements a durable outbox with retry features for sending events that are pushed to Azure Service Bus.

Senior Software Engineer | May 2023 – December 2025

- ❖ Engineered and maintained scalable RESTful APIs using .NET Core to support critical front-end functionality and business logic.
- ❖ Led the critical version upgrade of a legacy Ionic/Angular application, resolving Play Store compliance issues to unblock future updates and subsequently integrated new features to enhance app usability.
- ❖ Developed multiple console applications to automate data collection and processing pipelines, reducing hours of manual effort.
- ❖ Architected and built a complete administrative module from the ground up using React and React Router, providing robust data management and reporting capabilities for the business.
- ❖ Developed custom WordPress plugins and themes to meet specific client requirements, enhancing site functionality and user experience.

ReliSource Technologies Ltd. | Dhaka, Bangladesh

Software Engineer | Nov 2021 – May 2023

- ❖ Contributed to a large-scale enterprise Electronic Clinical Outcome Assessment (eCOA) platform by developing key modules with .NET, AngularJS, Microservices, and Azure.
- ❖ Designed and implemented a core "Schedule Designer" feature using Angular 9 and .NET Core, enabling researchers to create highly customized, complex schedules for global clinical trials.
- ❖ Utilized Azure Blob Storage and Azure Table Storage for efficient, scalable data handling of clinical trial information.
- ❖ Developed responsive and intuitive user interfaces with CSS3 and SCSS, ensuring a high-quality user experience across the platform.

Together Initiatives Limited | Dhaka, Bangladesh

Junior Software Engineer | Mar 2020 – Nov 2021

- ❖ Automated key business processes by developing several RPA bots with Python, including network health checks and new MSISDN definitions, which minimized human error and freed up operational resources.
- ❖ Developed a web-based utility using raw PHP and Vanilla JS to reconcile banking transactions for a major Mobile Operator, improving accuracy and reducing manual reconciliation time.
- ❖ Collaborated in a team to build a full-stack fantasy sports application using Angular, Node.js, MongoDB, and PostgreSQL, gaining hands-on experience with modern web architecture.

EDUCATION

B.Sc. in Computer Science & Engineering - Rajshahi University of Engineering & Technology

Graduated: Aug 2019 | **CGPA:** 3.07/4.00

Thesis: Gait Recognition Through Genetic Template Segmentation

Higher Secondary Certificate (H.S.C.) - Naogaon Govt. Degree College

GPA: 5.00 | **Year:** 2013 | **Group:** Science

Secondary School Certificate (S.S.C.) - Naogaon K.D. Govt. High School

GPA: 5.00 | **Year:** 2011 | **Group:** Science

ADDITIONAL INFORMATION

- ❖ **Languages:** Bengali (Native), English (Fluent), Hindi (Conversational)
- ❖ **Research Interests:** Machine Learning
- ❖ **Hobbies:** Learning by watching
